

I Consecrate and Dedicate My Life to God

I request, in the name of my Glorious Beloved I AM Presence, and with the help of Archangel Raphael and Mother Mary, to consciously consecrate my life.

I consecrate my mind and all my subtle bodies to receive the divine ideas of Father Mother God;

I consecrate my feelings to radiate that which is helpful, constructive, and good;

I consecrate my etheric body to record only perfection;

I consecrate my physical body to manifest health and harmony;

I consecrate my eyes to behold myself and all life as God already sees us—perfect, whole, and complete. May I also see the opportunities to call forth the Sacred Fire and bless all life;

I consecrate my ears to hear the harmonies of the inner light, the voice of my Holy Christ Self, and the call for assistance from others;

I consecrate my lips to form the words that carry the hope and faith and confidence of Heaven into the old, stagnated energies of hate, fear, and lack that imprison the hearts of humanity;

I consecrate my hands to heal, my feet to walk on the path directed by the Universal God that made me;

I consecrate my heart to be the Chalice of the Sacred Fire so that my WHOLE BEING is consecrated and dedicated to God's service.

This is my activity and my service to life. I live a consecrated life. As I AM NOW!
